The massive queue of people spanning a block near London's The End marked the return of Riot! after a month holiday. Judging by the people outside of the club at 3pm, this Sunday event was going to go off big time!

Starting with a top line-up, great music, a fantastic crowd and a selection of UK dance scene celebrities; this was quite simply your typical Riot! Outstanding!

Riot! happens just once a month and that is why it's so special. There are people who actually stay in on Saturday nights just so they are fresh at 3pm on Sunday. (Of course, you also get your selection of mad for clubbers that haven't felt their pillow since the previous Thursday night as well!) So, for those of you who have been living under a rock for the last 2 ½ years and not been yet, allow me to enlighten you on this monthly event, which should never be missed.

Once you make it past the queue and walk down the stairs into the club, you enter a room filled with people. The music hits you from either side and you are faced with a choice: wicked funky beats on the right or slammin hard style on the left. It's just not like your typical clubbing experience because the music in both rooms is consistently excellent and can keep even your most exhausted raver on their feet until the lights turn on.

The people inside are incredible as well. This is the one club where gay, straight, lesbian (whatever) actually kiss, hug, talk and dance together. No one is any better than the next and the crowd is welcoming to newcomers as well. Mixmag staff regularly attends with their mad crew and it's not unusual to end up chatting with UK celebrity DJs like Anne Savage and Ed Real at the bar.

The line up on this Sunday included: GRH, Alex Kidd, EJ Doubell, Ed Real, Danny Gilligan, Andy Farley, and BK in the main room. And Ignition Crew, Tommy Showtime, and Trophy Twins in Bar Riot. The club was packed, the vibe was high, and by the end of the night, the crowd was kicking the ass out of the dance floor in the hard room. The only complaint was the number of times "Satisfaction" was played in Bar Riot. We hear it enough on Radio One, so once would have been plenty.

I have been clubbing in London for years and have never come across an event that is so consistent. The people, the music, the lights, the venue ... Riot!, it's wicked!
